3.0 COMMODITY DESCRIPTION/SCOPE OF WORK

The work to be performed under this RFP consists of the spreading of anti/deicing chemicals and/or abrasives on State highways by the contractor's equipment, when and where directed by the NJDOT Regional Maintenance Engineer or his designated representative. Included under this contract is the furnishing of the agreed number of spreader truck(s), each equipped with an approved contractor-owned calibrated automatic ground speed control spreader(s), spill plates on tailgates, driver/operator, fuel, oil, repairs, insurance, and all else necessary therefor and incidental thereto.

It must be fully understood that whenever the contractor receives a call-out to provide spreader truck(s), the spreader truck(s) will be required to be on continuous duty until dismissed by the NJDOT Regional Maintenance Engineer or his designated representative. The contractor must be able to provide sufficient relief drivers/operators to insure that all spreader truck(s) called-out will be operational throughout the entire event.

It is the responsibility of the contractor to make sure that individuals driving a contractor's truck are not violating the "Driving While Fatigued" statute.

The NJDOT will furnish at the designated locations, the anti/deicing chemicals and/or abrasives for spreading by the contractor's trucks.

3.1 SPREADER TRUCK REQUIREMENTS

The spreader trucks shall be a minimum gross vehicle weight (G.V.W.) as designated on the bottom of Form 4 as "class code", attached to this RFP. G.V.W. is the total weight of the vehicle on its tires as a "class code", as it rests or rolls on the road, including chassis, cab, body, equipment, spreader, oil, water, fuel, the driver and the maximum material payload of anti/deicing chemicals and/or abrasives at approximately 80-120 lbs per cubic foot.

All integral components equipment shall be installed on the trucks before November 1, and remain installed in an operational status until April 30 for each yearly snow season.

Spreader trucks committed under this contract are strictly prohibited from being used to provide snow plowing services.

THE NJDOT WILL NOT ACCEPT SUBSTITUTIONS OF DIFFERENT TRUCK SIZES AS SPECIFIED IN THIS BID PROPOSAL.

3.2 SPREADER REQUIREMENTS

The spreaders may be an integral type design (tailgate or mid-body type) or component type ("V" box slide in body type), but all types must perform in accordance with the following RFP specifications.

The spreaders must be a constant density type design (closed loop), which will automatically vary the amount of material delivered relative to the road speed of the vehicle in order to dispense a constant preset density of anti/deicing chemicals and/or abrasives per lane mile.

The spreading system is to be capable of spreading anti/deicing chemicals and/or abrasives, which may include a liquid calcium chloride additive, at a pre-set application rate at truck speeds ranging between 0 to 30 mph. The quantity of material delivered from the spreader shall vary relative to changes of the vehicle's speed to ensure material is dispensed at a constant rate (lbs. per lane mile).

The maximum material delivery shall be 1,350 lbs. per mile at 30 mph. When the vehicle is stopped, the discharge conveyance system must stop, regardless of the discharge rate setting. A "blast" function shall be available in the spreading control system, which allows a driver/operator to apply the maximum amount of material for a short period of time, regardless of the vehicle speed.

Power for the spreader may be from the truck's primary hydraulic system or by a separate auxiliary power supply.

A protective device (safety guard) is to be placed around the spinner assembly to minimize the possibility of injury, while the spinner is in operation. The spinner disc is to remain horizontal to the road surface at all times. A minimum clearance of eight (8) inches is required between any spreader appendage and the pavement, whenever the truck body is raised.

The spreader, when operating at maximum capacity, shall be capable of having an overall spread width of 40 feet. The spreader's spinner assembly shall have an adjustment device to permit material to drop onto the spinner which will allow the material to be spread evenly in the following spread patterns:

The spinner assembly mounted on the left side of the spreader truck:

- A. Spread material to the left of the truck, nothing behind or to the right of the truck.
- B. Spread material to the left and behind truck, nothing to the right of the truck.
- C. Spread material behind the truck, nothing to the left or right of the truck.
- D. Spread material to the right and behind, truck, nothing to the left of the truck.
- E. Spread material to the left, behind and right of the truck.

The spinner assembly mounted at the center of the spreader truck:

- A. Spread material to the left and behind truck, nothing to the right of the truck.
- B. Spread material behind the truck, nothing to the left or right of the truck.
- C. Spread material to the right and behind truck, nothing to the left of the truck.
- D. Spread material to the left, behind and right of the truck.

CALIBRATION OF SPREADING EQUIPMENT

Contractors must provide a letter to the NJDOT certifying that they have calibrated the spreading equipment on their trucks prior to the start of the snow season.

3.3 SAFETY LIGHTS

The spreader truck shall be equipped with safety lights in addition to the vehicle's normal hazard lights. No vehicles will be permitted to operate without the specified safety lights in place and fully operational. Payment may be withheld or seasonal minimums may be eliminated for any vehicles not having the specified safety lights in place and operating.

Safety lights for the truck shall be strobe type with amber lens.

The safety lights shall be mounted in accordance with either of the following methods: (Refer to Attachment "A" of this RFP)

METHOD #1: One (1) center of cab mount, 360 degrees; and one (1) low profile, 360 degrees mounted on left side of cab shield, and one (1) low profile, 360 degrees mounted on right side of cab shield.

Deflectors must be installed, which prevent the flash from being seen by the driver in the rear view mirrors.

METHOD #2: One (1) center of cab mount, 360 degrees; and one (1) at rear of dump body, right side of tailgate, and one (1) at rear of dump body, left side of tailgate. Rear lights to be rear facing (one way)

internal or external mount. Directional amber flashing strobes mounted in the tailgate area above the vehicle's brake lights are acceptable.

METHOD #3: Two (2) cab mount, 360 degrees on light bar assembly, which projects beyond both sides of the truck body. No other lights are required.

NOTE: All lights and mounting dimensions for all lights are to conform to all New Jersey and Federal Motor Vehicle Regulations and Safety Standards.

3.4 CELLULAR COMMUNICATION

In order to permit contact with the responsible NJDOT representative at all times, all spreader trucks must be equipped with a functional cellular telephone.

The cellular telephone number must be provided to the NJDOT representative when notified to report for a spreading assignment.

The cellular telephone must remain activated continuously throughout the period the spreader truck is on an assignment, beginning at the initial call-out and continuing until dismissed. The State will not be responsible for any separate charges incurred by the contractor for the use of this cellular telephone or any costs associated with its activation, maintenance, and monthly fees. This cost is to be included in the bid price.

3.5 DRIVERS/OPERATORS

The contractor is responsible for providing sufficient drivers/operators to work within the rules, regulations and requirements of the Commercial Driver License (CDL). Sufficient drivers/operators must be available to operate the vehicles 24 hours per day, 7 days per week if needed. The contractor must provide personnel who are able to speak and understand instructions given in English. Rotation of crews will be at the discretion of the contractor in providing continuous operation, which will insure the safety of all drivers/operators and of the motoring public.

IT IS THE RESPONSIBILITY OF THE CONTRACTOR AND THEIR EMPLOYEES TO ENSURE THAT NO CONTRACTOR EMPLOYEE OR PERSON PROVIDING DRIVING SERVICES TO THE CONTRACTOR VIOLATES THE "DRIVING WHILE FATIGUED" STATUTES.

3.6 CREW LOCATION JURISDICTION

A crew location jurisdiction is a state highway, highways, or portions thereof, or any other identified area which is under the direct jurisdiction of a crew supervisor designated by the NJDOT Regional Maintenance Engineer.

3.7 CONTRACTOR ASSEMBLY LOCATION

A contractor assembly location will be designated by the NJDOT Regional Maintenance Engineer within the contracted crew location.

All operating and stand-by time will begin at the crew assembly location upon the arrival of the contractor's equipment in a ready to work capacity, as determined by the NJDOT Crew Supervisor on site.

3.8 OPERATING TIME

CONTRACTOR'S INDEMNIFICATION OBLIGATION

The following section supplements Section 2.2 of the State's Standard Terms and Conditions.

The contractor agrees to indemnify, defend, and save harmless the State, its officers and employees against any and all claims and suits including cost of every name and description and all damages to which the State, its officers and employees may be put by reason of injury or damage or a claim of injury or damage to the person or property of others resulting from the carelessness or negligence of the contractor arising from the performance or furtherance of the work described in this contract or any other related activity which the contractor performs for the NJDOT during the term of this contract.

CONTRACTOR DAMAGE CLAIMS

The contractor shall not make any claim against the State, its officers or employees for any damages of any description or costs incurred by the contractor by reason of damage to the contractor's property or property used by the contractor.

3.17 RESPONSIBILITY FOR WORK

The contractor shall not subcontract, sell, transfer, assign or otherwise dispose of the performance of the work under this contract to any third party. The contractor assumes full responsibility for all equipment owned, loaned or leased/sublet and employed in the prosecution of the contract hereunder and agrees to make no claims against the State or the NJDOT for damages to such equipment from any cause whatsoever. During the period the contractor has custody of materials owned by the NJDOT; the contractor shall be responsible for any negligent loss or misuse of such materials. The contractor will also be held responsible for any negligent damage to State facilities including guide-rails, bridge railings, signs, delineators and all other appurtenances, caused while performing spreading operations. The State reserves the right to deduct the cost of any such loss or damage from monies/payments due to the contractor. At the conclusion of the storm operations when the services of the contractor are no longer required, the contractor must discharge the material remaining in the truck's body or the spreader's hopper back into the stockpile at the NJDOT site where the material was drawn.

3.18 CALL-OUT

All call-outs will be issued from the NJDOT Regional Emergency Operations Center by telephone. No payment shall be made without an official NJDOT Regional call-out. Upon receipt of a call-out the contractor will assemble its equipment at the contractor assembly location prepared for spreading operations. The NJDOT reserves the right to call, as its need dictates, one or more spreader trucks in accordance with the terms of this contract.

At the direction of the assigned NJDOT representative at the crew location, spreader trucks will spread in accordance with the standards established for spreading patterns, speeds, and identified priority locations.

Should the need arise, the NJDOT Regional Maintenance Engineer, or his designee, reserves the right to temporarily assign equipment to another roadway or designated location. Payment for temporary reassignment shall be governed by the same rate of pay and guaranteed minimums that the contractor would have received had the equipment been working on the section originally assigned. The contractor's spreader trucks driver/operator shall be subordinate to and accept direction and supervision from the NJDOT supervisor on site.

Each of the contractor's spreader trucks may be required to work either singly, in combination with a NJDOT truck(s) and/or in combination with another contractor's truck(s).

3.19 MATERIALS

The NJDOT will furnish all materials to be spread by the contractors' spreader trucks. These materials may consist of anti/deicing materials such as sodium chloride, calcium chloride, potassium acetate, magnesium chloride, or abrasives or combinations thereof.

3.20 UNAUTHORIZED USE OF NJDOT MATERIALS

The contractor will not use NJDOT materials for any purpose other than the spreading of state roadways or as directed by a NJDOT representative. Any violation of this requirement will result in the contractor not

being paid for the "Seasonal Minimum Compensation Amount", as described under [Section 3.24](#) of this RFP. It will further result in minimum penalty of \$5,000.00 (five thousand dollars) per offense to be deducted from the contractor's accrued account, if available, or to be paid by the contractor. The State may also terminate the contract for violation of this requirement.

3.21 UNIT HOURLY RATE PER VEHICLE STRAIGHT OPERATING HOUR

The unit hourly rate at a particular crew location to be paid for each spreader truck shall be payment in full for the work performed, on any calendar day excluding Saturdays, Sundays, and observed holidays. The hourly rate includes labor, drivers/operators, equipment, transportation, fuel, oil, repairs, parts, maintenance, insurance and all else necessary therefor and incidental thereto.

3.22 UNIT HOURLY RATE PER VEHICLE PREMIUM OPERATING HOUR

This will be a flat hourly rate of \$13.00 (thirteen dollars) per hour, for each spreader truck, added to the bidder's hourly bid price for straight time per spreader truck, for each section bid. This payment will be the total amount paid in full for the work performed on Saturdays, Sundays, and observed holidays. The hourly rate includes labor, drivers and/or operators, equipment, transportation, fuel, oil, repairs, tire chains, safety lights, maintenance, insurance, and all else necessary therefor and incidental thereto.

Example of hourly payment for straight time and premium time per spreader truck (these are not actual numbers)

Hourly Rate Bid Per Operating Hour Straight Time	@ \$50.00/hour per truck
State Established Premium Time (Flat Rate)	@ \$13.00/hour per truck
Total	\$63.00/hour per truck

Under this example, the contractor would be paid \$63.00 (sixty-three dollars) per operating hour premium time per spreader truck, for each hour worked as premium time. The hourly operating rate for premium time shall be payment in full for work performed on Saturdays, Sundays, and observed holidays.

No straight or premium time will be paid for the period where the spreader trucks are disabled and are unable to continue spreading during an event.

3.23 STAND-BY PAYMENTS

Stand-by time is defined as the number of hours the contractor is not on operating time.

Example: *If a contractor is sent out from the yard to an area within his assigned section, but is not spreading, that is considered stand-by time.*

Payment for stand-by hours will be made for the actual number of hours the contractor is placed on stand-by status as determined above at the following rates:

Unit price for stand-by straight time per hour	= \$41.00
Unit price for stand-by premium time per hour	= \$54.00

The above rates shall include the cost of furnishing the specified equipment, drivers and/or operators, other labor, fuel, oil, repair, maintenance, transportation and all costs and expenses necessary therefore and incidental thereto.

3.24 SEASONAL MINIMUM COMPENSATION AMOUNT

The contractor is guaranteed to receive a specified seasonal minimum compensation amount providing the contractor performs in accordance with all the provisions of this RFP throughout the entire snow season. The

minimum compensation amount established will be computed by multiplying the total number of spreader trucks the contractor provides by a flat fee of \$1500 per truck.

Examples:

A. Contractor provides four (4) spreader trucks:

4 Trucks X \$1500. = \$6,000 Seasonal Minimum Compensation Amount

B. Contractor provides six (6) spreader trucks:

6 Trucks X \$1500. = \$9,000 Seasonal Minimum Compensation Amount

At the end of the snow season, the sum of all monies paid to the contractor for operating and standby hours for each of the spreader trucks under contract will be computed. The total monies paid for each spreader truck will then be deducted from the specified seasonal minimum compensation amount and any balance due will be paid accordingly. If the total money paid to the contractor exceeds the specified seasonal minimum compensation amount, no additional monies will be paid.

Any contractor who is issued a call-out and does not respond in accordance with procedures described herein will not be eligible for the seasonal minimum compensation amount. Eligible seasonal minimum compensation amounts due or portions thereof, shall be determined at the end of the snow season and the amount submitted to the NJDOT after April 30 but before June 1, for payment.

3.25 SCOPE OF PAYMENT

The contractor hereby agrees to accept the payment as full payment for all work performed hereunder, for furnishing all labor, drivers/operators, equipment, transportation, fuel, cellular phones, oil, parts, repairs, maintenance, and all else necessary therefore, and for all incidental expenses in connection therewith.

3.26 SEPARATE COSTS

Contractors operating from two or more crew locations will render a separate invoice for each crew location on each call-out.

3.27 PAYMENT PROCEDURE

Payment for spreading services will be based on the proper completion and verification of an invoice provided by the NJDOT after each call-out event.

INVOICES ARE TO BE MAILED BY THE CONTRACTOR TO:

**ACCOUNTS PAYABLE SECTION

NEW JERSEY DEPARTMENT OF TRANSPORTATION
P.O. BOX 604

**MR. AL KARAMALI
NEW JERSEY DEPARTMENT OF TREASURY
PURCHASE BUREAU
P.O. BOX 230
TRENTON, NJ 08625**

The State may cancel the contract based upon the contractor's failure to provide a valid insurance certificate; cancellation of insurance; failure to renew insurance; failure to report ready to the contractor assembly location fully operational to commence spreading, within the ninety (90) minute period after receiving a call-out; unsafe spreading practices; improper spreading practices; failure to follow the instructions of the NJDOT Regional Maintenance Engineer or his representative; failure to report with a full complement of trucks; or actions constituting a danger to the public, private property, public employees, or public property.

The NJDOT Regional Maintenance Engineer or his representative may suspend the operations of a contractor for any of the reasons given for cancellation above until such time as the contractor has satisfied the NJDOT Regional Maintenance Engineer that he has fully corrected the deficiencies leading to the suspension or until the Department of Treasury has ruled on the issue of cancellation. Due to the immediate nature of snow removal and spreading operations, and the serious public safety issues involved, the NJDOT Regional Maintenance Engineer may obtain spreading services from any available source and the contractor will be responsible for any additional costs incurred by the State.

If this clause is exercised, the seasonal minimum compensation amount as specified may not be paid and will not be considered applicable to this contract.

3.30 CAUSES FOR TERMINATION

The satisfactory performance mandated for this contract is directly related to the safety of all roadway users. Should the contractor's performance during the contract period(s) be deemed unsatisfactory by the NJDOT Regional Maintenance Engineer for reasons which may include late response for call-outs, unavailability of a full complement of truck(s) and driver(s), poor spreading practices, and failure to respond to directions applicable to the spreading operation by the designated NJDOT Regional Representative, the contract may be terminated by the Director.

"Business registration" means a business registration certificate issued by the Department of the Treasury or such other form or verification that a contractor or subcontractor is registered with the Department of Treasury;

"Contractor" means a business organization that seeks to enter, or has entered into, a contract to provide goods or services with a contracting agency;

"Contracting agency" means the principal departments in the Executive Branch of the State Government, and any division, board, bureau, office, commission or other instrumentality within or created by such department, or any independent State authority, commission, instrumentality or agency, or any State college or university, any county college, or any local unit; with respect to this Contract, the contracting agency shall mean the Division;

"Subcontractor" means any business organization that is not a contractor that knowingly provides goods or performs services for a contractor or another subcontractor in the fulfillment of a contract.

A bidder shall submit a copy of its business registration at the time of submission of its bid proposal in response to this RFP.

A subcontractor shall provide a copy of its business registration to any contractor who shall forward it to the contracting agency. No contract with a subcontractor shall be entered into by any contractor unless the subcontractor first provides proof of valid business registrations.

The contractor shall provide written notice to all subcontractors that they are required to submit a copy of their business registration to the contractor. The contractor shall maintain a list of the names of any subcontractors and their current addresses, updated as necessary during the course of the contract performance. The contractor shall submit to the contracting agency a copy of the list of subcontractors, updated as necessary during the course of performance of the contract. The contractor shall submit a complete and accurate list of the subcontractors to the contracting agency before a request for final payment is made to the using agency.

The contractor and any subcontractor providing goods or performing services under the contract, and each of their affiliates, shall, during the term of the contract, collect and remit to the Director of the Division of Taxation in the Department of the Treasury the use tax due pursuant to the "Sales and Use Tax Act, P.L. 1966, c. 30 (N.J.S.A. 54:32B-1 et seq.) on all their sales of tangible personal property delivered into the State.

This paragraph shall apply to all contracts awarded on and after September 1, 2004

5.4 CONTRACT TERM AND EXTENSION OPTION

The term of the contract shall be for a period of **two (2) years**. The anticipated "Contract Effective Date" is provided on the cover sheet of this RFP. If delays in the procurement process result in a change to the anticipated Contract Effective Date, the bidder agrees to accept a contract for the full term of the contract. The contract may be extended for all or part of one-year periods, by the mutual written consent of the contractor and the Director.

5.5 CONTRACT TRANSITION

In the event that a new contract has not been awarded prior to the contract expiration date, as may be extended herein, it shall be incumbent upon the contractor to continue the contract under the same terms and conditions until a new contract can be completely operational. At no time shall this transition period extend more than **ninety (90)** days beyond the expiration date of the contract.

5.6 AVAILABILITY OF FUNDS

The State's obligation to pay the contractor is contingent upon the availability of appropriated funds from which payment for contract purposes is made. No legal liability on the part of the State for payment of any money shall arise unless funds are made available each fiscal year to the Using Agency by the Legislature.

5.7 CONTRACT AMENDMENT

Any changes or modifications to the terms of the contract shall only be valid when they have been reduced to writing and signed by the contractor and the Director.

5.8 PROCEDURAL REQUIREMENTS AND AMENDMENTS

5.8.1 The contractor shall comply with procedural instructions that may be issued from time to time by the Director.

5.8.2 During the period of the contract, no contractual changes are permitted, unless approved in writing by the Director.

5.8.3 The State reserves the right to separately procure individual requirements that are the subject of the contract during the contract term, when deemed by the Director to be in the State's best interest.

5.9 ITEMS ORDERED AND DELIVERED

The **Using Agency** is authorized to order and **the contractor** is authorized to ship only those items covered by the contracts resulting from this RFP. If a review of orders placed by the Using Agency reveals that material other than that covered by the contract has been ordered and delivered, such delivery shall be a violation of the terms of the contract and may be considered by the Director in the termination of the contract or in the award of any subsequent contract. The Director may take such steps as are necessary to have the items returned by the Agency, regardless of the time between the date of delivery and discovery of the violation. In such event, the contractor shall reimburse the State the full purchase price.

The contract involves items which are necessary for the continuation of ongoing critical State services. Any delay in delivery of these items would disrupt State services and would force the State to immediately seek alternative sources of supply on an emergency basis. Timely delivery is critical to meeting the State's ongoing needs.

5.10 DISCLOSURE OF PRODUCT COMPOSITION

Not applicable to this RFP.

5.11 REMEDIES FOR NON-PERFORMANCE

In the event that the contractor fails to comply with any material contract requirements, the Director may take steps to terminate the contract in accordance with the State administrative code. In this event, the Director may authorize the delivery of contract items by any available means, with the difference between the price paid and the defaulting contractor's price either being deducted from any monies due the defaulting contractor or being an obligation owed the State by the defaulting contractor.

5.12 MANUFACTURING/PACKAGING REQUIREMENTS

5.13 PERFORMANCE BOND

Not applicable to this RFP.

5.14 CLAIMS

All claims asserted against the State by the contractor shall be subject to the New Jersey Tort Claims Act, N.J.S.A. 59:1-1.1, et seq., and/or the New Jersey Contractual Liability Act, N.J.S.A. 59:13-1, et seq.

5.15 CONTRACTOR RESPONSIBILITIES

The contractor shall have sole responsibility for the complete effort specified in the contract. Payment will be made only to the contractor. The contractor shall have sole responsibility for all payments due any subcontractor.

The contractor is responsible for the professional quality, technical accuracy and timely completion and submission of all deliverables, services or commodities required to be provided under the contract. The contractor shall, without additional compensation, correct or revise any errors, omissions, or other deficiencies in its deliverables and other services. The approval of deliverables furnished under this contract shall not in any way relieve the contractor of responsibility for the technical adequacy of its work. The review, approval, acceptance or payment for any of the services shall not be construed as a waiver of any rights that the State may have arising out of the contractor's performance of this contract.

5.16 SUBSTITUTION OR ADDITION OF SUBCONTRACTOR(S)

Not applicable to this RFP.

5.17 CONTRACT ACTIVITY REPORT

In conjunction with the standard record keeping requirements of this contract, as listed in paragraph 3.19 of this RFP's standard terms and conditions, the contractor must provide, on a quarterly basis, to the Purchase

Bureau buyer assigned, a record of all purchases made under its contract. This information must be provided in a tabular format such that an analysis can be made to determine the following:

- Contractor's total sales volume under contract, subtotaled by product.

Submission of purchase orders, confirmations, and/or invoices do not fulfill this contract requirement.

Contractors are encouraged to submit the required information in electronic spreadsheet format. The Purchase Bureau uses Microsoft Excel.

Failure to submit these mandated reports will be a factor in future award decisions.

5.18 REQUIREMENTS OF EXECUTIVE ORDER 134

In order to safeguard the integrity of State government procurement by imposing restrictions to insulate the award of State contracts from political contributions that pose the risk of improper influence, purchase of access, or the appearance thereof, Executive Order 134 was signed on September 22, 2004 ("EO 134"). Pursuant to the requirements of EO 134, the terms and conditions set forth in this section are material terms of any contract resulting from this RFP:

5.18.1 DEFINITIONS

For the purpose of this section, the following shall be defined as follows:

a) Contribution – means a contribution reportable as a recipient under "The New Jersey Campaign Contributions and Expenditures Reporting Act." P.L. 1973, c. 83 (C.19:44A-1 et seq.), and implementing regulations set forth at N.J.A.C. 19:25-7 and N.J.A.C. 19:25-10.1 et seq. Through December 31, 2004, contributions in excess of \$400 during a reporting period were deemed "reportable" under these laws. As of January 1, 2005, that threshold was reduced to contributions in excess of \$300.

b) Business Entity – means any natural or legal person, business corporation, professional services corporation, limited liability company, partnership, limited partnership, business trust, association or any other legal commercial entity organized under the laws of New Jersey or any other state or foreign jurisdiction. It also includes (i)all principals who own or control more than 10 percent of the profits or assets of a business entity or 10 percent of the stock in the case of a business entity that is a corporation for profit, as appropriate; (ii)any subsidiaries directly or indirectly controlled by the business entity; (iii)any political organization organized under 26 U.S.C.A. 527 that is directly or indirectly controlled by the business entity, other than a candidate committee, election fund, or political party committee; and (iv)if a business entity is a natural person, that person's spouse or child, residing in the same household.

5.18.2 BREACH OF TERMS OF EXECUTIVE ORDER 134

It shall be a breach of the terms of the contract for the Business Entity to (i)make or solicit a contribution in violation of this Order, (ii)knowingly conceal or misrepresent a contribution given or received; (iii)make or solicit contributions through intermediaries for the purpose of concealing or misrepresenting the source of the contribution; (iv)make or solicit any contribution on the condition or with the agreement that it will be contributed to a campaign committee or any candidate or holder of the public office of Governor, or to any State or county party committee; (v)engage or employ a lobbyist or consultant with the intent or understanding that such lobbyist or consultant would make or solicit any contribution, which if made or solicited by the business entity itself, would subject that entity to the restrictions of EO 134; (vi)fund contributions made by third parties, including consultants, attorneys, family members, and employees; (vii)engage in any exchange of contributions to circumvent the intent of EO 134; or (viii)directly or indirectly through or by any other person or means, do any act which would subject that entity to the restrictions of EO 134.

5.18.3 CERTIFICATION AND DISCLOSURE REQUIREMENTS

a) The State shall not enter into a contract to procure from any Business Entity services or any material, supplies or equipment, or to acquire, sell or lease any land or building, where the value of the transaction exceeds \$17,500, if that Business Entity has solicited or made any contribution of money, or pledge of contribution, including in-kind contributions to a candidate committee and/or election fund of any candidate for or holder of the public office of Governor, or to any State or county political party committee during certain specified time periods

b) Prior to awarding any contract or agreement to any Business Entity, the Business Entity proposed as the intended awardee of the contract shall submit the Certification and Disclosure form, certifying that no contributions prohibited by Executive Order 134 have been made by the Business Entity and reporting all contributions the Business Entity made during the preceding four years to any political organization organized under 26 U.S.C.527 of the Internal Revenue Code that also meets the definition of a "continuing political committee" within the mean of N.J.S.A. 19:44A-3(n) and N.J.A.C. 19:25-1.7. The required form and instructions, available for review on the Purchase Bureau website at <http://www.state.nj.us/treasury/purchase/forms.htm#eo134> , shall be provided to the intended awardee for completion and submission to the Purchase Bureau with the Notice of Intent to Award. Upon receipt of a Notice of Intent to Award a Contract, the intended awardee shall submit to the Division, in care of the Purchase Bureau Buyer, the Certification and Disclosure(s) within five (5) business days of the State's request. Failure to submit the required forms will preclude award of a contract under this RFP, as well as future contract opportunities.

c) Further, the Contractor is required, on a continuing basis, to report any contributions it makes during the term of the contract, and any extension(s) thereof, at the time any such contribution is made. The required form and instructions, available for review on the Purchase Bureau website at <http://www.state.nj.us/treasury/purchase/forms.htm#eo134> , shall be provided to the intended awardee with the Notice of Intent to Award.

5.18.4 STATE TREASURER REVIEW

The State Treasurer or his designee shall review the Disclosures submitted pursuant to this section, as well as any other pertinent information concerning the contributions or reports thereof by the intended awardee, prior to award, or during the term of the contract, by the contractor. If the State Treasurer determines that any contribution or action by the contractor constitutes a breach of contract that poses a conflict of interest in the awarding of the contract under this solicitation, the State Treasurer shall disqualify the Business Entity from award of such contract.

5.19 REQUIREMENTS OF EXECUTIVE ORDER 129

Under the Executive Order 129 issued on September 9, 2004 ("E.O. 129"), the State shall not award a contract to a bidder that submits a bid proposal to perform services, or have its subcontractor[s] perform services, outside the United States, unless one of the following conditions is met:

a) The bidder or its subcontractor provide a unique service, and no comparable, domestically-provided service can adequately duplicate the unique features of the service provided by the bidder or and/or its subcontractor; or

b) A significant and substantial economic cost factor exists such that a failure to use the bidder's and/or the subcontractor'[s] services would result in economic hardship to the State; or

c) The Treasurer determines that a failure to use the bidder's and/or its subcontractor's services would be inconsistent with the public interest.

5.19.1 SOURCE DISCLOSURE REQUIREMENTS

Pursuant to E.O. 129, all bidders seeking a contract with the State of New Jersey must disclose:

a) The location by country where services under the contract will be performed; and

b) The location by country where any subcontracted services will be performed.

Accordingly, the bidder should submit with its bid proposal the Source Disclosure Certification form (Attachment 5), filled out with the sourcing information required for itself and any proposed subcontractor, identified in the Intent to Subcontract Form. If the information is not submitted with the bid proposal, it shall be submitted within five (5) business days of the State's request for the information.

FAILURE TO SUBMIT SOURCING INFORMATION WHEN REQUESTED BY THE STATE SHALL PRECLUDE AWARD OF A CONTRACT TO THE BIDDER.

5.19.2 BREACH OF CONTRACT OF EXECUTIVE ORDER 129

A SHIFT TO OUTSOURCED SERVICES DURING THE TERM OF THE CONTRACT SHALL BE DEEMED A BREACH OF THE CONTRACT

If, during the term of the contract, the contractor or subcontractor, who had on contract award declared that services would be performed in the United States, proceeds to shift the performance of the services outside of the United States, the contractor shall be deemed in breach of the contract, which contract shall be subject to termination for cause pursuant to Section 3.5b.1 of the Standard Terms and conditions, unless the Director shall have first determined in writing that extraordinary circumstances require a shift of services or that a failure to shift the services would result in economic hardship to the State.

6.0 PROPOSAL EVALUATION/CONTRACT AWARD

6.1 CONTRACT EVALUATION

For a product bid that has been determined to be in compliance with this RFP, the contract shall be awarded on the basis of the following criteria, not necessarily listed in the order of importance:

- 6.1.1 Price
- 6.1.2 Experience of the bidder
- 6.1.3 Submission of forms as per section 4.4.4 of this RFP.
- 6.1.4 The bidder's past performance under similar contracts, including if applicable, the Division's vendor performance database.

6.2 ORAL PRESENTATION AND/OR CLARIFICATION OF BID PROPOSAL

After the submission of bid proposals, unless requested by the State, contact with the State is limited to status inquiries only and such inquiries are only to be directed to the buyer. Any further contact or information about the proposal to the buyer or any other State official connected with the solicitation will be considered an impermissible supplementation of the bidder's bid proposal.

A bidder may be required to give an oral presentation to the Evaluation Committee concerning its bid proposal. The Evaluation Committee may also require a bidder to submit written responses to questions regarding its bid proposal.

The purpose of such communication with a bidder, either through an oral presentation or a letter of clarification, is to provide an opportunity for the bidder to clarify or elaborate on its bid proposal. Original bid proposals submitted, however, cannot be supplemented, changed, or corrected in any way. No comments regarding other bid proposals are permitted. Bidders may not attend presentations made by their competitors.

It is within the Evaluation Committee's discretion whether to require a bidder to give an oral presentation or require a bidder to submit written responses to questions regarding its bid proposal. Action by the Evaluation Committee in this regard should not be construed to imply acceptance or rejection of a bid proposal. The Purchase Bureau buyer will be the sole point of contact regarding any request for an oral presentation or clarification.

6.3 CONTRACT AWARD

Line item awards shall be made with reasonable promptness by written notice to that responsible bidder(s), whose bid proposal(s), conforming to this RFP, are most advantageous to the state, price, and other factors considered. Any or all bid proposals may be rejected when the state treasurer or the director determines that it is in the public interest so to do.
